

GROUNDWATER MANAGEMENT DISTRICTS ASSOCIATION

POSITION STATEMENT NO. 85-1

BOARD OF DIRECTORS
GROUNDWATER MANAGEMENT DISTRICTS ASSOCIATION
1985 ANNUAL MEETING, RENO, NEVADA

The collective membership of the Groundwater Management Districts Association feels compelled to support local, state and national efforts to address and solve what we consider a rural crisis of imposing dimension, and one which is clearly beginning to detrimentally affect many other sectors of the American economy.

Because of this position, GMDA supports the ideal of seeking legislation which will allow agriculture to begin an imperative recovery, thus helping to stabilize the economy, provided these efforts do not compromise any existing position taken by GMDA relating to groundwater management.

PASSED AND ADOPTED ON THIS 6th DAY OF DECEMBER, 1985.
